THE COURTS.

SHERIPF'S LIABILITY FOR ESCAPE Marine Court against Albert C. Bragelman for \$311.80, on which an execution against the person of the defendant was issued, under which the latter was arrested and lodged in juil. He was subsequently discharged upon what is called a limit bond, the condition of which is that the prisoner shall remain within the legal limit of the issue of the desired of the state of main within the legal limits of the jail and not de-part from the city and county of New York until discharged by payment of the judgment debt or by some legal process. The defendant in the judgment,

it seems, applied to the Marine Court for his dis-charge from the jail limits, under what is known as the Fourteen Day act. The application was heard at the Chambers of the Court, and, as the witnesses testified, the Justice who heard it took the d subsequently said that the dofe discharged. No decision was ever filed, and no entry on the papers or in the minutes ever made, nor was any formal order entered. The prisoner, supposing all was right, went to Europe on the 17th of July, 1879, and on the 19th of the same month the judgthe Sheriff in the Marine Court to hold him liable as for an escape on account of the prisoner leaving the county. The case was tried yesterday in the Marine Court before Judge McAdam, who held that the Sheriff was liable and that the defendant had never been legally discharged from imprisonment; that a discharge by the Court, in order properly signed, or by an entry on the minutes of the Court, or by an indersement upon the motion papers, and that it cannot exist merely in the mind of the judge, which is subject to change at pleasure any time before his flat is recorded in some authentic form; that a judicial decision is matter of record; that the Sheriff was, therefore, liable to the judgment creditor for the whole amount of the judgment debt, with interest, and that the Sheriff must seek his remedy against the sureties on the prisoner's limit bond. Judgment was directed accordingly, with costs. the Sheriff in the Marine Court to hold him liable as

SUMMARY OF LAW CASES.

On the 5th inst. Thomas Downey stole a handcart, the property of Matthew Kinsley, of No. 82 Mul-berry street, and on the same day carried off a bale of dry goods belonging to Edward S. Jaffray. When

of dry goods belonging to Edward S. Jaffray. When arraigned for trial in the Court of General Sessions yesterday he pleaded guilty to one indictment. Judge Cowing sentenced him to two years and six months in the State Prison.

A young man who, out of charity, had been betriended on several occasions by Mrs. Lavanburg, of No. 18 East Forty-ninth street, managed to steal from her residence jewelry amounting in value to \$162. When arraigned tor trial yesterday in the Court of General Sessions by Assistant District Attorney Herring the prisoner acknowledged his guilt, and Judge Cowing sent him to the State Prison for two years and six months.

CALENDAR.

CALENDAR.

The following is the day calendar for Wednesday, fovember 12, 1878:—Nos. 81, 82, 67, 85, 448, 449, 12, 14.

PUBLIC WORKS.

COMMISSIONER CAMPBELL PRESENTS THE QUAR-TERLY REPORT OF HIS DEPARTMENT.

Commissioner of Public Works Campbell yester-Commissioner of Public Works Campbell year-day sent in to Mayor Cooper his report for the year ending September 20. According to this report, which is very voluminous, it appears that the total expenditures for that period were \$509,853 78. The

which is very voluminous, it appears that the total expenditures for that period were \$599,853 78. The following are its principal points:—

At the close of the quarter the natural lakes tributary to the city's water supply were all filled, and the water in the two storage reservoirs was within a few inches of the overlow. Some work on the remaining walls of the Boyd's Gurner reservoir makes it necessary to keep the water six adding the top and face at the present. The work of adding the top and face at the present. The work of the first of the present of the growth of the grass. Contracts have been made, and work commenced, for building a keeper's beause, retaining walls, cuiverts, &e. at the Boyd's Corner reservoir, and for rebuilding the abutments of a bridge below the reservoir, which had been injured by freshets. The channel of the Muscoot River, which is the outlet of Lakes Mahopke and Kirk, and one of the principal conflictes of the Croton, has been decented several feet for a distance of one and a half miles through a swamp, where the stream had become almost stagnant.

The work of strengthening the aqueduct, according to the plans heretofore described in the reports of the department, has been carried on with a considerable force. A total of 2,383 lineal feet of the structure has thus been rendered secure during the past three months, and many leaks have been stopped. In repairing an embankmont near the Groton dam a large loak was found in the bottom of the aqueduct, rendering it necessary to shut off the water while making the repairs. The general repairs and maintenance the Groton dam a large loak was found in the bottom of the aqueduct, rendering it necessary to shut off the water while making the repairs. The general repairs and maintenance of the Groton dam, Quarrying 225 cubic yards of stone. Resetting 281 lineal feet of curb and 1.290 aquare feet of the following

and 1.000 square feetfof flagging over the aqueduct in the city of Yonkors.

Distribution of water.

During the quarter the following amount of water pipes was added to the distributing system:—1,700 lineal feet thirty-six inch pipe, 100 lineal feet twenty inch pipe, 3,617 lineal feet twelve inch pipe, 16,552 lineal feet six inch pipe; total, 21,609 lineal feet of pipe, or 4 16,109 miles. In connection with those new pipes, and on the request and recommundation of the Fire Department, 201 may free hydrants were pixed in position. The condition of the apprepriation made it necessary to reduce the force of inspectors for the detection of waste of water in buildings. The number of buildings visited during the quarter is 3,189, and the number of leaks and cases of wittal waste odetected is 650. Notice was served on 650 establishments requiring the proprietors to apply water metres to their premises and 613 new metres were placed.

During the quarter the Central Park resorvoir gained the effect in depth, the gain occuring on Sundays and rainy days. On working days the average consumption is fully equal to the expactly of the aqueduct.

According to the progress so far made in the construction of the new high service works, at Ninth avenue and Ninety-eighth street, the works will be completed during the coming winter, so as to be available for use next apring. The foundations and tank have been completed, the work on the stand pipe and building is well advanced and the commenced.

ERPAIRING THE STARKETS.

been commenced.

RRPAIRING THE STREETS.

The Commissioner then goes on to point out the necessity of speedy completion of the new conduit from the Bronx River, to which he fully alluded in his last report. He next details the progress of work of street paying authorized under resolutions of the Common Council, and states that, "with a continuance of fayorable weather, there is a fair prospect that they will be all completed this season. An average force of two hundred and fifty men and fifty-five carts has been employed during the quarter in the ordinary repairs of pavements throughout the city. Numerous repairs have also been made by contract in places where it was deemed advisable to relay or renew the pavements for entire blocks of streets."

streets."

The report also contains statistics as to contracts carried out for repairing streets and sewers and statements relative to the method of giving out contracts for all descriptions of public works. It concludes as follows:

The total revenue now collected by the Department of Public Works from all sources and paid into the sinking fund is about \$1.750,000 per annum. This amount will probably be increased (with faithful supervision) to \$2.000,000 per annum, in favo years time, and will continue to increase reguirely thereafter, so that these contributions alone, under the operation of the sinking fund, will extinguish the entire debt of the city in twenty to twenty-five years from this time.

REAL ESTATE.

terday at the Merchants' Exchange:-

terday at the Merchants' Exchange:—

Public auction sale of the two story brick house, with lot 21.8x7). No. 171 Henry st., n. s., 65 ft. w. Jefferson st. 150 M. A. J. Lynch.
